CHOOSING A CAREER, EDUCATION

(UNITS 1,5 (Part 2))

Headway Pre - Intermediate

T.5

Life in a Japanese school

to be competitive
to sit in the front row
to bow to the teacher

Headway Intermediate

T.4

My work

to be an active type of person
to be an early bird
to do over half smb's work
to have a boring job

T.29

Educating children at home

to take the step
"Education Otherwise"
deschooling
an alternative school
a part time school
to buss off to a remote
to be hostile to school in some respects
to go through solidly
to respond interests and questions
to keep up with school peers
to leave the direct teaching off
a later point in life
to be quite up to the peers
direct teaching
a qualified teacher
to stem
to be dependant on
the "carrot and stick" motivation (approach, policy)
to dig out

Headway Upper-Intermediate

T.7

My first job

to take pot luck

to become a teacher ultimately

to slap children on the leg

to be a graduate

a local school

to have no experience at all

to do a really good deed

to know nothing about Geography but as a part of one's university course

to be fascinated in smth

T.33

An interview with Mrs Thatcher

to work jolly hard

to improve yourself

to teach self-reliance

to teach self-respect

to live within your income

to be brought up with a sense of duty

to make a voluntarily

to have a tremendous sense of reliance

to lend a hand to others

to respect other people 's rights

the kind of personal independence and personal choice

Headway Advanced

T.1 (a)

Interview with Mr Ian Beer, Headmaster of Harrow School

a state school

a boarding school

an independent school

to be available to the total public

to be independent of government control

to change the curriculum fundamentally

to be fussy about courtesy

the normal kinds of ill discipline

to grow up and spread wings

to do anti-social things

the extra-curricular activities
to educate “the whole man”
to carry out academic teaching in the formroom
to devote time to such activities as independent teaching, acting, music, art,
technology, etc

T.1 (b)

Radio programme on independent schools

to investigate current issues
to go to the edge of ruin to get the “best” education for children
to abolish fagging
an outdated institution
to suggest initiative and enterprise instead of snobbery and prejudice
divisive institutions
academic achievement

T.6

Six people’s childhood memories

to push too hard
to feel so crushed
to cry in private
to start out of sheer boredom
to want nothing except smb’s time
to have a clue what to say
to keep thinking
to be a sea of calm
to ruffle

The Idea of Summerhill (p.18)

an experimental school
a demonstration school
to make the school fit the child
to be based on an adult conception
to renounce all discipline, all suggests, all moral training
to have a complete belief in the child as a good, not an evil being
to be innately wise and realistic
to have the innate ability
to be a neurotic scholar
to be downtrodden
to storm at children
to produce a generation of robots
to have equal rights

ILLNESSES AND THEIR TREATMENT

(UNIT 2)

Headway Intermediate

T. 22

First aid

to be people of the general public,
not members of medical profession
to take the right action
to give artificial respiration
to stop the bleeding
the subject of burns
to put the burnt area under the cold tap
a third degree burn
to cover the burn very lightly
with a sheet or a handkerchief
to give an anaesthetic
to complain of thirst
to wash mouth with water
a fracture = to broke bones
to keep victims warm,
loosen any tight clothing
to try to reassure people
to suffer from shock

Headway Upper-Intermediate

T. 18

Holistic medicine

holistic approach
the National Homeopathic Center
health care
to look at the whole body, the whole man
to treat patients as series of parts that are all isolated
to remove the symptoms until everything's working well again
symptomatic approach
to treat the symptoms and not the cause of an illness
to try to build an overall picture
a balance or harmony between your mind and your body
to prevent illness
prevention is better than cure
to have migraine
to have arthritis
to have an operation – to replace hip

drug addiction
to be in agony all the time
to see acupuncturist
to damage kidneys
to work hand in hand
to work in smb's own specialist area
to become disillusioned with a doctor
to become more health conscious generally
to be basically responsible for smb's own health`

Headway Advanced

T. 8

How to live to be 100 or more

to worry about getting old
to worry about rusting
to need an olive
to look trim
to sit around waiting for it to happen
there's no point in kidding yourself
to slow down
to wear out a little
to be pathetic
to hate to brag
the single most important key to longevity
to avoid worry, stress and tension
to shorten life
to be beyond control
to bounce around in turbulence
to be even uptight about heart bypass
to come round from the anaesthetic
to be a nervous wreck
to have all time on hands
to think old, to act old
to start researching to be old
to practise grunting
to find smth that can make you get out of bed
to keep working as long as you can
to keep looking in a rear-view mirror
to have a stiff neck
to take very short steps

CITY. SOME GLIMPSES OF LONDON

(Unit 3)

Headway Upper-Intermediate

T. 1

to join concentric ring roads

to be specially designed and built with wide tree lined streets, radiating out in all directions from the city centre

to be pretty well identical

to be in federal territory

to be a separate district with its own laws and regulations

to be overlooked by the castle built on a hill of volcanic rock

Headway Advanced

T. 22a

to get ship to England

the town is broken up into two pieces

to get several landmarks

to look like a rocket that's about to take off

to be a depressed area

to be lazy layabouts and good-for-nothings

to see the smugglers

a huge variety of scenery

some sort of rugged coastline

to have a sort of a double reputation

to be suspicious of strangers (comers-in)

the Tyne bridge

Headway Pre-Intermediate

P. 16-17

to adjust

to lead a hand with the children happily

to show enough consideration or appreciation of smb

to be more creshes

Headway Intermediate

T. 17 (a)

to enjoy tremendously

to lead a normal life

to be as cosmopolitan as London

to make life much easier

T. 17 (b)

to like a certain distance

to be inquisitive

to get so little reaction from people

to make the most ridiculous excuses not to go to work

to have a pretty negative opinion of England

to be a little inferior

to stand closer when you are speaking

to have the dramatic beauty of the States

SPORTS AND GAMES

(Unit 6)

Headway Intermediate

T. 5

to be champions in the world of sport
to find a child at quite a young age
to give sport the whole of one's life
to be quite developed physically
to be one of the sports where youngsters can play against their elders with more than a chance of success
to show the pressures on one's body and mind
to cope with the pressures of Wimbledon
to be trained by a professional coach

Headway Intermediate

P. 44-45

to alternate two activities for a couple of miles
to jog half way round smth without stopping
to stop at the top to get one's breath back
to feel desperately unfit
to have the deep relaxation that smb achieves by taking exercises
to be personally convinced of the health benefits of running
to reduce the chances of heart attack
to see the macho sports freaks
to run in the expectation of becoming healthier
to obtain some protection from heart attack
to take 20 minutes of vigorous exercise at least two or three days a week
to leave smb out of breath
to build up the jogging in stages
to expect soreness of muscles and joints

TRAVELLING

(Unit 8)

Headway Intermediate

T. 7

A Disastrous Holiday

to have a week of absolute hell
to hitch a lift
to be absolutely helpless
to have such a tiring holiday
to be exhausted

Headway Intermediate

T. 24

Hitch-hiking in the snow

to freeze to death
to walk through snowdrifts
to defreeze for ages

Headway Upper-Intermediate

P. 40-41

Travellers' Tales

to lose a certain amount of confidence
to occupy the seats nearest the emergency exit
to give lifeboat drill on a flight
to lose faith in the pilot's navigational skills
to have collisions with airport trucks

Headway Pre-Intermediate

P. 106-107

to go into the cockpit without a word
to deal with the growth of air traffic and demands of air travellers
to be the centre-points of the great air routes
